Various Covid19 sign and floor marking kits are available.

Restroom (307775)

Reception (307820)

Auditorium (307787)

Restaurant (307868)

Elevator (307856)

PIC 925 / P018

PIC 918 / PIC 917

Use alternating “do not sit here” and “sit here” signs on benches and other seating areas. The signs can easily be removed without leaving adhesive residue once they are no longer needed.

**Covid-19 Cleaning Compliance Kit**

Clearly inform citizens and visitors about COVID-19 safety measures on large and reliable outdoor boards that can resist sunlight, heat and abrasion.

Our **ToughBoard** (B-7659) is compliant with European and international standards.

**Need a reliable, custom sign to clearly communicate specific COVID-19 countermeasures? Contact us!**  
From sign material to size, shape and pictogram: all can be customised

**On-site printable**

With the Brady Workstation app environment and a safety printer from Brady, (ISO 7010) Safety Signs can be printed at your facility. Brady Workstation enables you to design safety signs with custom warning messages, or combinations of official ISO 7010 pictograms.

With a Brady printer and a few durable label material consumables, you can print any ISO sign or Brady Workstation design to immediately respond to any need in your facilities.

## Area marking

A solution for all traffic levels

**Economy Tape (B-726)**

With lower adhesion and durability this economical tape is recommended for short term applications and is available in various colours.

**Good Tape GuideStripe (B-3)**

This durable, flexible floor tape is designed for temporary indoor applications with regular foot traffic so you don't have to reapply often.

**Better Tape ToughStripe (B-514)**

This highly-customisable tape is designed for longer application periods and is ideal for areas with heavy foot traffic and light industrial traffic on various surface types.

**Best Tape ToughStripe Max (B-543)**

With superior adhesion and durability, this floor tape is designed for the most difficult applications with heavy foot traffic and industrial vehicle traffic.

## Slide-in signs for use on warning post

## Floor signs and arrows

Floor marking ideal for clearly communicating social distancing rules in a wide range of industrial and commercial spaces.
